Bio

urfabrique are Javi and Pau. They are their synths and their rhythm machines, they are flute and guitar, they are their voices. *urfabrique* is a softly stirred cocktail of house, funk, disco and electronic with an indie-pop spirit. Groovy melodies on simple harmonies that incite the dancefloor and reflexively encourage pleasure and unconcern. The duo is the soundtrack of a sunset facing the sea. Sunny dialectics that subtly stimulate afterthought in a world blinded by technology. Their debut album 'Pictures and Shapes of Our Mistakes' will be released in October 2018.

Info

Winners of Artsy Music (cultural patronage contest of Movistar, #1 IT company in Spain & Latam) they have offered more than 40 performances (25 in 2018) alternating music festivals (Cruïlla, Artenou, Biruji), clubs and halls (La Terraza, Sidecar, Freedonia), Markets (Monumental club, Palo Alto Market, D-Factory, Olympic Market ...), events (Techtribe, Uwakeupbcn) or hotels (Barceló Raval, Pulitzer Avenue Palace, Oriente Atiram) sharing line-up with international artists such as Justice, The Roots, Pharell Williams or Ben Howard.

With releases in Kitsuné (Walls We Build, 2018) - prestigious French label known for launching the career of artists such as Phoenix, Two Door Cinema Club or Parcels- or Envy Music (Insane going - Fernando Lagreca Remix, 2016) and after a first self-published EP (Deliable Ink, 2016)

they will release their debut album Pictures and Shapes of Our Mistakes on October 26, 2018, independently with support of French distributor Believe (Wagram, Roche, Animal 63, Kitsuné...). Press have said about them that they're an 'elegant dance proposal that aligns with artists like Chromeo, Daft Punk or Breakbot, and have nothing to envy to new standard-bearers of the style like Parcels ...' or that 'the duo ... is climbing , little by little, positions to become one of the firm pop realities in Spain '.
